Profile Summary

- Passionate and adaptive software engineer with strong interests in core Systems Development, Web technologies, Android apps, AI/ML, NLP, and Web 3.0; driven to stay at the forefront of emerging technologies.
- Proficient in building scalable solutions using modern languages, frameworks, and automation tools.

Experience

BlankAnalytica (December, 2025 - May, 2026):- Developed various software tools using PHP and MySQL, like Business Profile Builder and Auto-Data fetcher connected to WordPress CMS Backend

Edelweiss (June, 2026 - Present) :- Managed and monitored various services in the backend of high frequency trading (HFT) environment for inhouse trading OMS tools in C++.

Technical Skills

Programming Languages: C, C++, Java, Go, Rust, PHP, SQL, JavaScript

Web Development: HTML5, CSS3, Tailwind CSS, (ES6+), TypeScript, React.js, Next.js, Node.js, React Native

Mobile & App Development: Flutter (Dart), Android (Java/Kotlin basics), Progressive Web Apps (PWA), Expo

Backend & APIs: Node.js, Express.js, PHP, Supabase, REST APIs, n8n (workflow automation)

Databases: MongoDB, MySQL, Supabase, PostgreSQL

Tools & Platforms: Git, GitHub, Postman, Docker, Vercel, Firebase, Netlify, Linux, Selenium and PlayWright

AI/ML & Data: Scikit-learn, Pandas, NumPy, TensorFlow (basics), NLP with spaCy and NLTK, PowerBI

Projects

- **VistaGuide:** Developed an AI-powered travel companion mobile app integrating Visual Question Answering (VQA), deep learning-based image recognition, NLP, and geolocation to deliver real-time insights, safety alerts, and offline AI model functionality via tflite.
- **Career-Compass: AI Driven Career Guidance** – Personalized career path recommendations powered by AI based on skills, interests, and job trends.
- **FinAdvisor** – Smart AI financial advisor offering budgeting, investment, and saving insights tailored to your profile.
- **LoadAI** - Load Balancer with online AI-policy to send requests to a server pool along with manual ones for better health check.
- **AudibleLens** - Interactive PWA based on Expo for convenience of visually impaired individuals of regular outdoor activities like surrounding-aware descriptions, emergency situation guides, etc

Certification

- **Master in Data Science, Udemy** UC-1d581b7d-c5c7-48ad-9107-8b1e1379ed22

Education

- **Pillai College of Engineering, New Panvel**
 - Bachelor of Technology in Computer Engineering | (CGPA : 9.7)
 - Relevant Coursework:-
 - Data Structures and Algorithms | Operating Systems | Computer Organization Architecture
 - Compiler Design | Computer Networks | Software Engineering Principles
 - Advanced Database Management Systems | Big Data Analytics
 - Artificial Intelligence | Machine Learning | Natural Language Processing (NLP)
